## Education

### VIT Bhopal University

*B.Tech in Computer Science and Engineering (AI and ML) CGPA : 8.92*

**Aug'21 - Ongoing**

*Bhopal, India*

### St. Paul Junior College

*Class XII : 92%*

**Apr'20 - Mar'21**

*Nagpur, India*

### Vivek Mandir CBSE School

*Class X : 87.9%*

**Apr'18 - Mar'19**

*Gondia, India*

## Technical Skills

<b>Technical</b>	SQL, Advanced Excel, Python, Data Analysis, Statistical Analysis, Google analytics, Growth Strategies
<b>Platforms</b>	Power BI, Google Analytics, Mixpanel, Windows Task Scheduler
<b>Courses</b>	Data Analysis Visualization, Growth Strategies Product Analytics, Database Management System

## Projects

### BrewTrack

**Feb'24**

*Python, PowerBI, SQL, Windows*

- Managed the daily sales data entry for over 700 customers, ensuring accurate tracking of coffee sales and customer preferences, which helped streamline order processing and improve customer satisfaction by 20%.
- Created a dynamic dashboard using Python and Power BI, consolidating daily sales data and ingredient usage for three coffee types, resulting in a 10% reduction in ingredient costs by optimizing usage patterns.
- Integrated POS system data into a centralized reporting platform, allowing the coffee shop owner to monitor daily performance and optimize ingredient purchasing, resulting in a 20% reduction in ingredient waste.

### InsightIQ

**Sep'23**

*Advanced Excel, SQL, PowerBI*

- Identify top-performing customers and products, targeting the top 5 in terms of revenue and sales quantity for strategic focus.
- Sales teams make better decisions, resulting in a 10% cost saving on total spend.
- Sales analysts save 20% of their time by automating data gathering, which they can reinvest in more value-added activities.

### PandemicPulse

**Jun'23**

*SQL*

- Track daily case growth across different countries, identifying the top 5 with the highest infection rates over the past 6 months.
- Compare COVID-19 impact on global regions, calculating the case fatality rate (CFR) for each continent and visualizing the trends.
- Identify recovery patterns, exploring the correlation between recovery rates and vaccination coverage by country.

## Certifications

- PreludeSys Academy - Salesforce Administrator

**Oct'23**

## Extra-Curriculars

### Achievements

- Solved 50+ SQL queries on LeetCode.
- Analyzed complex datasets and optimized decision-making strategies by solving over 100+ SQL queries and data-driven problems, enhancing problem-solving efficiency in real-world business scenarios.

## Position of Responsibility

### VITronix Club

- Coordinated and successfully organised college events with over 150+ student registrations.
- Planned and executed compliance for 3 projects, ensuring adherence to all required regulations and standards.
